

Summary

I have worked as a freelance media professional since 2003, with experience as an actor, voice-over artist, filmmaker and animator in the public and private television and advertising sectors. My specialism is motion graphics and animation. I have a Bachelors degree in Cinema and Animation and have experience of working with different animation and visual art applications including Premiere Pro, After Effects and Illustrator. I am a confident communicator and collaborator, both on and off-camera, and bring my innate creativity, work ethic and commitment to quality and learning to all of my projects.
